The electronic timing display is for information only – the Referee's decision is final.

Please read and familiarise yourself with the following safety guidelines:

The signal you will hear if it becomes necessary to evacuate the building will be a continuous bell.

To evacuate the building, all those present must use the marked emergency exits:

- Via the main entrance to the building
- Via the steps down to the pool and out through the emergency doors
- Via the door at the diving board end of the balcony

Swimmers and officials must not return to the changing rooms to collect their clothes or belongings.

During the event the access steps to the pool are off-limits to swimmers and spectators, other than in the event of an emergency.

Parents are not allowed on poolside at any time during the event, other than in an emergency. Swimmers are not allowed on the spectator gallery unless they are appropriately clothed; i.e. outdoor clothing/tracksuit AND footwear.

Please do not stand at the front of the spectator gallery as this obstructs the view of those behind.

Please use the rubbish bags conveniently located at various places on the gallery.

Photography: The use of any photographic equipment (still, video or digital, including mobile phones with camera facilities) will only be allowed in line with ASA policy.
