

Regional Championships (50m) 2022

John Charles Centre for Sport, Leeds 23rd/24th
April & 7th/8th May 2022

Ponds Forge Sheffield 30th April & 1st May

Entry Closing Date 8th April 2022

Update 15th March 2022

Following on from the County Championships on 15th February we published revised Qualifying Times for the Regional Open Championships (50m) 2022 to better reflect the current situation. These are used by the online entry system. No times were made faster, but a considerable number have been eased. The Age Group Championships are not affected.

Poolside Passes

Safeguarding is a priority for us all. We also introduced a new system for Poolside Passes. It has now become standard practice in many of Swim England's Regions to adopt the national Poolside Pass accreditation system which can be found [here](#)

We have adopted this system with immediate effect.

Coaches/Team Staff who have attended a British or Swim England National Event will be familiar with the process. It will be necessary to upload a photo and the system will check that you have the minimum qualifications required before you are given a pass.

Clubs will no longer be able to bulk purchase passes.

Passes may be purchased up to the day before a particular Championship.

Entry Systems

Most of you will be familiar with the online entry process. Entry systems are accessed through www.swimmingresults.org

Open Entries and teams [here](#) , Age Group [here](#)

14 and under swimmers should enter the Age Group Championships and 15 and over swimmers the Open Championships.

Team Events

Clubs are reminded that in accordance with the meet conditions, as required for qualification to the British Summer Championships, members selected for the Team Events must swim their individual events in the name of the same club at these Regional Championships.

It is intended to sell Spectator Tickets and full details will be available in due course.
All Championships will be streamed on the Regional Youtube Channel.

Regards – Stay Safe

Barry
